Owing to a very heavy press of job work this week, we were belated with this issue.

Godey's Lady's Book for October has been received. It contains a superb steel engraving, "Star of Dawn," which of itself is fully worth the price of the number. The fashion plates are like all of Godey's, rich and tasteful.

The Banished Son, and other stories, of the heart, by Mrs. Caroline Lee Hentz, is the title of a new work now in press, and to be ready for sale on Saturday, September 37, by T. B. The Sept. No. of the "Farmer and Mechanic" is before us with an increase of interesting and instructive matter. Terms two dollars. Address Russell & Williams, Nashville, Tenn.

By an advertisement in to-day's paper it will be seen that S. A. Lockhart, Esq., has disposed of his entire tin and stove establishment to Mr. J. F. Vaughan, who will hereafter continue the business at the same stand. Mr. Lockhart goes to Pipe Bluff, Ark., to commence life with a new home. We lament his departure, but while this is true, we congratulate the citizens of Pine Bluff upon their acquisition of so good a citizen. Mr. Lockhart has lived in the community long, and is well known, and there are many who will miss him, both in the business and social circles. Read the card he has in this paper to his patrons and friends.

See the advertisement to Milliners and Country Merchants of A. Crocker, Nashville, Tenn. Give him a call, and examine his articles.

The grand American Mass Meeting and Barbecue, to be held at Nashville, is changed to the 10th and 11th of October.

Extensive preparations are being made to light Murfreesboro' with gas. This is quite an improvement.

Let the appointment of Messrs. Haskell and Brien at this place on the 6th of next month be remembered.

The Nashville papers of yesterday state that there are only 18 inches water on Harpeth Shoals. Light draught steamers are still running between Nashville and Paducah.

We welcome to our exchange list the Tri-Weekly Clarksville Chronicle.

The Republican majority in Maine has swelled up to 20,000 over the democracy. What a commentary upon the boasted strength of Buchanan in the North.

The Nashville Gazette says that Hon. John L. Marling has been exceedingly ill since his return from Central America.

Percy Walker of Alabama, has been severely denounced by the Americans of Baldwin county for his desertion of the American flag, and invited to resign his seat in Congress.

The Comet of 1856.

During the present year we may expect the return of the greatest and grandest comet described in history. It was visible in 1264, in the months of August, September and October. When its head was visible in the east on the edge of the horizon, its tail stretched past the mid-heaven more than 10 deg. It disappeared on the night of the 2d of October, when Hope Urban the Fourth died, and the superstitious connected the two events. It was again observed in 1856; and its elements having been computed by Dr. Halley, Dunthorne, Pingre, Bomme and others, it is calculated that it will re-appear during this and the next two months, but if it should be perturbed in its path by the united attractions of Jupiter, Saturn, and some other planets, at the same time, its appearance may be delayed to 1860. The expectation is, however, that we shall see this astronomical and historical wonder during the present year.

The Nashville Gazette says the hand of improvement is visible in every portion of that city.

ABOUT HOORS.—A lady, whose garments formed an immense circumference, entered a store in Boston, and in doing so prostrated some dozen of flower pots containing valuable plants, which were ruined. The storekeeper intends to sue for damages, so that the law may settle how large a space a lady's circumambles may occupy.

A gentleman remarks, says the Albany Argus, that while riding in an omnibus, the other day, the vehicle was stopped at a crossing, when three or four females entered, who, on taking seats, commenced such a patting of the sides of their dresses, that for some time [being ignorant of the real object,] he was under the impression that they were going to crow.

We see in the Broadway windows, says the Times, a "seamless skirt," for ladies advertised. Good. Anything that will make their skirts seem less will be grateful to gentlemen, and to ladies, too, who have to pass through hoop-frequented streets.

A JOURDAN'S VARIETY STORE.

A rumor having been circulated through the country that A. Jourdan was about to quit Winchester, it seems that her citizens and the neighborhood are trying to keep him from going, as his custom has nearly doubled since the spreading of that news. He thinks he ought to be competent to give satisfaction to his customers both as to price and to a good selection of goods, having had ten years experience in one of the largest houses in Paris, (FRANCE), that great metropolis of taste and fashion.

He would say to the public, if you want good bargains and cheap goods, go and see Jourdan, as there are but few in the money that daily through his store that are not satisfied with him after giving him a trial.

"EXCELSIOR" CORN AND COB MILL!!

THE FARMING COMMUNITY, having become generally convinced of the great advantage of grinding Corn and Cob for Stock, the only question to be considered is which is the best Mill for the purpose? In all the east iron Mills heretofore offered, a very serious objection has existed, a want of durability, or liability soon to wear out. In the "Excelsior" that objection is removed: The grinding surface, which is the only part liable to wear out, consists of rings and casts separate from the mill, and when worn out can be removed and replaced at a cost of three dollars. This mill is strong, simple in construction, easily put up, and can be moved from place to place without difficulty, and will crush 15 bushels per hour of corn and cob for stock, and grind meal for family use. The "Excelsior" was awarded the highest premium at the great trial of Agricultural Implements in Nashville on the 4th, 5th and 6th of June, 1856, and in a contest with the Improved "Little Giant" in Nashville, August 30th, 1856, the "Excelsior" was awarded a silver cup. This Mill is furnished all complete with two pairs of grinding rings which makes it equal to two mills, at the low price of fifty dollars. This Mill stands upon legs, is put up in a short time by any ordinary farm hand, and unlike all other Corn Crushers discharges the meal from one point directly into a half bushel. Persons wanting the above Mill, or wishing to purchase County Rights will please address the undersigned, and obtain a circular with full information.

Anna, aged about thirty-nine years, and her child Francis, aged about six months; Dick, aged about thirty-seven years, a fair boot and shoe maker; Richard aged about eighteen years, a good coarse shoe maker; Austin, aged about thirty-two years, a pretty fair and handy mechanic about a farm; Barbee, aged about eighteen years, a field hand; Doctor Rucker, aged about thirty-one years, a house boy.

This is the same tract of which William Duncan died seized and possessed, and it is remarkable for its beauty, fertility and health, and is situated on a never failing Spring of free stone water. The fences can be so made and arranged as to furnish water for stock in every field of the tract. The grave-yard of the family, situated upon the tract, and about forty feet square, will be excepted from the sale.

And at the same time and place, and upon the same terms, I will sell a small tract of land, lying West of the mouth of Rock Creek, and across the river from the above described tract, and about a mile from the nearest point thereof.

And on Monday, the 29th of September, 1856, at the late residence of Mrs. Sarah Duncan on the tract above described, I will sell at public sale to the highest bidder, upon a credit of one year, the purchaser giving bond and good and approved security, to secure the payment of the purchase money, the residue of the personal estate of William Duncan, deceased, consisting of horses, farming utensils, cattle, &c., &c.

These sales are made by virtue of the power vested in me by the will of William Duncan, deceased.

We would say: If you find your eyesight failing, or if you use spectacles, do not delay availing yourselves of the opportunity of procuring a pair of the justly celebrated Brazilian Pebble Spectacles, adapted to your eye, and selected by a person who understands the business. They do not tire the eye when reading and will preserve vision unimpaired for years longer than any other glass if properly selected to suit the eye. There is no straining of the eye while using them, as in most other spectacles. The shape of the surface, (concave convex) the large size and the fineness and clearness of the glass are the combined qualities which no other glasses possess, and which render them superior to all others. Many persons might have good eyesight for ten or fifteen years longer by using these glasses than the common glasses which in the end often do more harm than good. Numerous testimonials can be produced from the best citizens of Nashville. For sale by
